

ELECTION OF NEW M. E. BISHOPS IS RECOMMENDED

Six Will Be Assigned to the United States and the Other Will Take Up Duties in Korea.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Saratoga Springs, N. Y., May 14.—The recommendation that seven new bishops or general superintendents be elected will be made to the general conference of the Methodist Episcopal church tomorrow, by the committee on episcopacy. Six of the new bishops will be assigned to Episcopal areas in the United States, and one will be stationed at Seoul, Korea.

In addition, two missionary bishops will be recommended for work in Africa, to succeed Bishops I. B. Scott and Joseph C. Hartzell. One of the missionary bishops is to be of African descent, if the committee's recommendation is adopted.

New Episcopal Residence.
A new Episcopal residence will be established at Detroit; the Oklahoma residence will be transferred to Pittsburgh, and that at Kansas City, Kas., will be moved to Wichita, Kas.

It is planned to have the balloting for the new bishops begin tomorrow and continue until all of the required number have received two-thirds vote of the conference.

The committee on episcopacy, it was reported tonight, has voted to endorse the proposal to unite the Methodist Episcopal church and the Methodist Episcopal church, South, the two great branches of American Methodism, which became divided over the question of slavery seventy-one years ago.

Announcement was made tonight that the committee on state of the church, to which was referred, the much discussed question of amusements, will report in favor of eliminating from the discipline, the prohibition against games of chance, theater attendance and dancing.

One of the most important subjects to be acted upon during the coming week is the general statement of the attitude of the church on the question of temperance and prohibition. The temperance committee has agreed upon a report which goes farther than the Methodist Episcopal church has ever gone before.

Whereas, four years ago, the main drive was for the passage of the interstate liquor shipment bill, as the great national issue, the report declares that the liquor traffic cannot be licensed without sin, and specifically urges the immediate amendment by congress of a prohibition amendment for the actions of the states. Pending the submission and ratification of this amendment, the conference wants congressional prohibition in all territory under the jurisdiction of congress, specifically including the District of Columbia.

The conference also will demand the closing of the United States mails to all liquor advertising. While the report endorses the church's own temperance society for educational work and the promotion of total abstinence, it also endorses the Anti-Saloon league as the agency of the Methodist church for co-operation with other churches in obtaining legislation and law enforcement and the political work necessarily incident to such activity.

CASEMENT RECEIVES FRIENDS IN TOWER

London, May 14.—According to Reynolds' Weekly, Sir Roger Case ment received three friends in the London tower yesterday and discussed his case with them for nearly an hour. Sir Roger is in better health than a fortnight ago. He has been permitted to read and has taken regular exercise.

It is understood that the case of the prosecution against Sir Roger will last four or five days. The prisoner will be conveyed secretly to the police court and there will be no opportunity of seeing him unless admission to the court is gained, which will be most difficult as there are accommodations for only sixty visitors.

Noted Inventor Is Dead.
Great Barrington, Mass., May 14.—William Stanley, an inventor who contributed largely to the development of the electrically industry, died at his home here today at the age of years.

HAVE YOU A BAD BACK?

If You Have, the Statement of This Albuquerque Resident Will Interest You.

Does your back ache, night and day? Hinder work; destroy your rest? Does it stab you through and through? When you stoop or lift or bend? Then your kidneys may be weak. Often backache is the clue. Just to give you further proof, The kidney action may be wrong. If attention is not paid, More distress will soon appear. Headaches, dizzy spells and nerves, "Fric acid" and its ilk. Make the burden worse and worse. "Painments and plasters" can't reach the inward cause at all. Help the kidneys—the pills Albuquerque folks have tried and proved.

What they say you can believe. Read this Albuquerque man's account. See him, ask him, if you doubt. Louis M. Giernan, Savoy Hotel, Albuquerque, says: "My back was weak, caused by heavy lifting. I could hardly straighten up and was getting worse all the time. I finally began using Doan's Kidney Pills. The first box helped me so much that I kept on until I had used several boxes and I am now well." Price 50c, at all dealers. Don't simply ask for a kidney remedy. Get Doan's Kidney Pills—the same that Mr. Giernan had. Foster-Milburn Co., Props., Buffalo, N. Y.

FACTIONAL FIGHT IN PENNSYLVANIA PRIMARY BATTLE

Senator Penrose and Governor Struggle for Republican Leader; Democrats Want Wilson.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Philadelphia, May 14.—Bitter factional quarrels have characterized Pennsylvania's state-wide primary election campaign, which will close when the voters go to the polls Tuesday.

In the republican party the struggle centers on the control of the seventy-six delegates to the national convention. United States Senator Boies Penrose, favoring an unpledged delegation, leads in a fight against Governor Martin G. Brumbaugh, who supports candidates pledged to support the party's popular choice in the state for president. Governor Brumbaugh has announced his own candidacy for the presidential nomination with the condition that he would be willing to step aside in favor of any candidate from another state if assured substantial support from a reputed party at the Chicago convention. Governor Brumbaugh has said that such unity of action and a republican victory in November "cannot be accomplished under any factional leadership," and that he had been assured by many persons that those responsible "for the disaster of 1912" cannot reunite "the broken forces" of the party.

Seventy-six Delegates.
The seventy-six delegates include twelve to be elected at large. The Penrose nominees for these include Senator Penrose himself, United States Senator Oliver, John W. Wanner and James Elverson, Jr., of Philadelphia, and Mayor J. G. Armstrong of Pittsburgh. The Brumbaugh nominees include the governor, State Senator W. J. Burke of Pittsburgh, former Representative E. P. Acheson of Washington, Pa., Mayor T. B. Smith of Philadelphia, and Auditor General A. W. Prowell.

Governor Brumbaugh's name is the only one which appears on the republican preferential ballot. If others are favored their names must be written by the voters. This factional contest has become so heated in Philadelphia as to split the party organization where harmony has prevailed for years.

Wilson Democratic Choice.
In the democratic party President Wilson is the only name to appear on the ballot as a candidate for president. Opposing factions have, however, selected candidates for the twelve delegates-at-large, although whichever ticket is elected will support Mr. Wilson. The principal democratic fight is for the state's representative on the national committee. The reorganization democrats are headed by former Representative A. Mitchell Palmer, the present national committee man, who is opposed by Michael Liebel, Jr., of Erie, identified with the organization faction. There are two candidates also for United States Senator—E. L. Givins of Berks county, reorganization, and Municipal Court Judge E. C. Bonnell of Philadelphia, organization.

No Senate Fight.
There is no United States senate fight in the republican party. Philander C. Knox, who held portfolios under Presidents Roosevelt and Taft, is unopposed. Senator Oliver some time ago announced his intention to retire. In the republican election of representative-at-large, the Penrose faction has placed in the field Joseph McLaughlin of Philadelphia and Isaac Sobel of Erie against the present incumbents, Daniel F. Laffan and John R. K. Scott.

Both the republicans and the democrats have contests for several offices, the fight for the republican nomination for auditor general attracting chief attention because of the support given by the opposing Brumbaugh and Penrose factions.

Progressives Harmonious.
The progressives, known in Pennsylvania as the Washington party, have not filed any names as preferential candidates for president. There are candidates in the field for all other offices but no contests within the party. Candidates for delegates-at-large to the progressive national convention include William Flint of Pittsburgh, Gifford Pinchot of Millford, and William Draper Lewis of Philadelphia.

PREPAREDNESS BILLS COMING UP THIS WEEK

Army Reorganization and Naval Building Program Will Occupy Center of Congressional Stage.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, May 14.—National defense legislation is again to the fore, in congress and with final disposition of the army reorganization bill this week, particular attention will be turned to the completion of the naval building program which is to be passed on Thursday by the house committee on naval affairs. As soon as the committee reports on the naval increase, the task of working out the revenue problem to meet the extraordinary defense expenditures will be undertaken by the house ways and means committee in co-operation with the senate finance committee.

Army Bill Satisfactory.
The compromise army reorganization bill, which will provide for a regular army of 10,000 men at peace strength, is reasonably satisfactory to the advocates of adequate national defense, although many had hoped for acceptance of the senate bill, which would have given a standing army of 250,000 peace strength. The conference report on the army bill will be submitted to the house for approval on Tuesday by Representative Hay, and to the senate by Senator Chamberlain later in the week. It should be on the president's desk for approval by Friday or Saturday.

Pork Barrel Fight Heated.
Throughout the week just passed there has been a slump in the progress of general legislation, owing to the filibuster in the senate against the \$44,000,000 rivers and harbors bill and a fight approximating a filibuster in the house, on the rural credits bill. Senators Kenyon and Sherman, who have been alone in conducting the rivers and harbors fight, admit that they have no chance of success and their efforts are expected to terminate within a day or two. Then the senate will take up the land leasing bill which is on the administration's conservation program. The rural credits fight is expected to end with passage of the bill before adjournment tomorrow night.

Shipping Bill Next.

In the house the attention will direct chiefly during the week to the government shipping bill in which the administration is particularly interested. The rules committee contemplates bringing in a special rule on Tuesday with a view of disposing of the shipping bill within a few days but a fight has already been organized and it may be frustrated. Administration leaders, however, are determined to press the measure for early action and the senate steering committee has agreed that all other pending measures shall give way to it whenever the house can send it over.

McAdoo Campaigns.

Secretary McAdoo visited the capitol on several occasions last week in the interest of the shipping bill, talking with democratic senators, who opposed the ship purchase bill in the last congress, some of whom are still inclined to vote against the measure in its modified form because of its privileges for government operation of ships for a period five years after the close of the European war. Some of the doubtful senators are known to have told Mr. McAdoo that they hoped they would be able to vote for the bill when it reached the senate from the committee on commerce.

CUT THIS OUT—IT IS WORTH MONEY.

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for bronchial coughs, colds and croup; Foley Kidney Pills for lame back, weak kidneys, rheumatism, bladder troubles, and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels. Sold everywhere.

REPUBLICANS TO DECIDE CONTESTS WEEK OF JUNE 1

Call Issued for Special Meeting of National Committee to Consider Pre-convention Matters of Various Sorts.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, May 14.—A call for a meeting of the republican national committee June 1 at Chicago to consider contested seats in the national convention and other pre-convention business, was issued here today by Secretary James B. Reynolds. The committee is expected to hold daily sessions until the convention opens June 7.

Headquarters of the national committee will be opened tomorrow at the Coliseum in Chicago. Secretary Reynolds left here for Chicago tonight with his entire office force and committee records. Chairman Hill plans to go from New York to Chicago a week later.

When the national committee gathers to consider seating arguments, a marked contrast to its meeting thus far before the 1912 convention will be presented. Four years ago several hundred seats were contested. This year only forty-four so far are involved, including the entire delegations from Georgia and Louisiana.

The contests so far filed are as follows: Florida, 1; Georgia, 17; Louisiana, 12; Mississippi, 2; Missouri, 2; Oklahoma, 4; South Carolina, 3; Virginia, 1, and the District of Columbia, 2. Nearly all involve factional disputes, those of Louisiana and Georgia being a contest between the so-called "black and tan" and the "lily white" factions.

The national committee will also be called upon at its pre-convention meeting to decide whether "double" delegations from a few states shall be given seats on the floor. In these cases twice the accredited number of delegates-at-large have been selected with a half vote each. The committee has limited the convention floor seats to the exact number of delegates legally apportioned, without providing for seating double delegations.

IRISH-AMERICAN JUSTIFIES UPRISING

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Boston, May 14.—The recent uprising in Ireland was called justifiable by Matthew Cummins, former president of the Ancient Order of Hibernians, in an address before the Boston Gaelic society tonight.

"While we mourn those Irish as martyrs," he said, "what a glorious record, that, instead of dying, like dogs on foreign battlefields for the British empire, they gave up their lives at home, fighting for freedom. They fought according to the rules of war and 3,000 of them held the stronghold of Dublin for seven days against 20,000 British troops, with big guns and modern instruments of warfare. Only when their food and ammunition were gone did the Irish volunteers surrender."

Mr. Cummins expressed the opinion that the Irish question would never be settled by any home rule policy.

NOTICE TO GENERAL CONTRACTORS

I, the undersigned, as per instructions from the Honorable Board of Regents of the University of New Mexico, located at Albuquerque, Bernalillo County, New Mexico, will receive bids or proposals for the erection and completion of a chemistry building and a science building to be erected in the above said city, county and state. Bids will be received separately, one for the chemistry building and one for the science building and will be received by the undersigned up to noon, June 25, 1916, and each bid is to be accompanied by a certified check covering 5 per cent of the amount of the bids. Check is to be made payable to the treasurer of the above said board, for securing faithful bidding on the part of all bidders. The said checks are to be returned to their respective owners on or before July 15, 1916. The said board expressly and absolutely reserves the right to reject or accept any or all bids. Plans and specifications can be had at the office of the undersigned, room 25, Barnett building, Albuquerque, N. M.

Supervising Architect

SCOTT IS DUE IN CAPITAL TODAY TO MAKE REPORT

Chief of Staff Expected to Clear Up Mystery of Abrupt Termination of His Recent Conference.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, May 14.—Major General Scott, chief of staff of the army, is due here tomorrow with a detailed report of his discussions at El Paso with Gen. Alvaro Obregon, war minister of the de facto government of Mexico. The conference brought no formal or even tentative agreement as to the situation along the border, and the status of the American troops now in Mexico, but there are indications that General Scott will be able to give Secretary Baker and officials of the state department definite information as to what General Carranza proposes to do toward demonstration of his ability to stop brigandage along the international line.

General Scott's telegraphic report at the conclusion of the conference threw little light on the situation further than to indicate that the exchange of views with the Mexican war minister had been of a wholly friendly character. Since that time reports of Carranza movements have come indicating that the de facto government was taking active steps in the region south of Boquilla and also moving into the territory abandoned by General Pershing's forces as they are drawn north toward San Antonio, probably the southern base of the expeditionary force for some time to come.

To Confer With Lansing.

Secretary Lansing expects to have a long conference with General Scott before the president prepares to renew the diplomatic discussion of the status of the American expeditionary forces with Eliseo Arredondo, ambassador-designate here. General Obregon's views will be fully canvassed and the state department also expects to get some light on whether it was the war minister or General Carranza himself who prevented the ratification of the formal agreement worked out by the conferees at their first meeting.

This question has been a puzzling one to many officials here. Special Agent Rodgers at Mexico City reported that the de facto government had officially announced the success of the border negotiations. This was taken to mean that Carranza had approved the plan. Then came the statement by the conferees themselves that they had been unable to reach a definite agreement, and had decided to refer the matter back to their respective governments for diplomatic negotiations. While this report was en route to Washington, Mr. Arredondo called upon Secretary Lansing to state that his advice from Mexico City indicated that the original agreement had been approved. General Scott is expected to clear up the confusion resulting from this sequence of conflicting accounts.

No Word From Carranza.

Mr. Arredondo was still without instructions from General Carranza tonight in regard to steps he may take in seeking to reopen the conversations until he has been fully advised by General Scott. It may be late in the week before conversations between the secretary and the ambassador are under way.

The war and state departments received no important advices today as to Mexico. A report from General Pershing said the new concentration ordered by General Funston at the conclusion of the El Paso conference was proceeding satisfactorily. This was taken to mean that the majority

A real Guarantee

To be more than a mere "scrap of paper," a guarantee must be absolute—and backed by a concern able and willing to make it good.

The General's guarantee is not only absolute; it is backed by a business operating the world's largest roofing mills, and making one-third of all the roll roofing made in America. That's the guarantee behind

Certain-teed Roofing

The guarantee is for 5, 10 or 15 years, according to ply (1, 2 or 3). There is no evasion about it—no attempt to substitute a high-sounding something "just as good." There is no substitute for a real guarantee. You get an absolute guarantee on CERTAIN-TEED because the General knows that no better roofing can be made. Its raw materials and method of manufacture are both certified by the General's board of graduate chemists, and he knows he's taking no chance in guaranteeing them to you. That's what "CERTAIN-TEED" means—certified and guaranteed. Experience has proven that the guarantee is conservative, and that CERTAIN-TEED will outlast the period of guarantee.

The roofing felt, as it comes bone dry from the rollers, is given a thorough saturation of a special blend of soft asphalt, the formula of the General's board of expert chemists. It is then given a harder coating of another blend of asphalt. This keeps the inner saturation soft, and prevents the drying-out process so destructive to ordinary roofing. Roofing is impervious to the elements only so long as the asphalt saturation lasts. CERTAIN-TEED retains its soft saturation, and is in good condition for years after the harder, drier kinds have become useless.

CERTAIN-TEED is made in rolls; also in slate-covered shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roofs, from the largest sky-scraper to the smallest residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.

MAIL TERMINAL AT STATION TO CLOSE JULY 31

Transfer Service Will Be Re-instated; Railway May Move Telegraph and Yardmaster's Offices.

The postal terminal at the Santa Fe railway station will be abolished July 31.

For several months the terminal force has been handling only New Mexico and Arizona circular mail, with the exception of parcels post business, originating west of Kansas City. The greater part of the parcels post business for New Mexico and Arizona has been handled by the Kansas City terminal for several months.

The transfer service is to be continued as it was before the establishment of the terminal. One night and one day clerk will do the work.

My! But This Spring Tonic Makes One Enjoy Living!

After weeks of overwork, your system run down, this *herbal* extract of Dr. Pierce's makes you feel your old time vigor—a real lasting improvement. When all nature seems to be glad we sometimes experience our greatest ills. The important thing is to make this life worth while. When you catch cold, suffer from indigestion or notice the skin breaking out with pimples let this furnish you a warning that the blood is in disorder. Profit by the experience of others and quickly drive the poisons from the blood and build up the system with a reliable remedy—such as Doctor Pierce's Golden Medical Discovery which has stood the test of time, and for nearly half of a century has sold more largely than any other blood remedy. Thousands attest to its remedial value as witness the testimonials which have been published for years.

COMMON SENSE.

No one ever takes cold unless constipated, or exhausted, and having what we call mal-nutrition, which is attended with impoverished blood and exhaustion of nerve force. Tonic consisting of large portions of alcohol, iron or cod-liver oil do not bring the desired changes in the blood, because they do not enter the system and are not absorbed into the blood, with the exception of the alcohol which shrivels up the red blood corpuscles when it does come in contact with them. We recommend this botanical extract of Doctor Pierce's because it contains no alcohol, and offers a reasonable and scientific method of treating the blood, by improving the nutritive functions of the patient. The "Golden Medical Discovery" accomplishes this, restoring the enfeebled digestive organs, so that food, the natural tissue-builder, will be digested and assimilated. For there is generally present in these cases, loss of appetite and lack of sufficient nourishment to replenish the waste of flesh.

The first day you start to take "Medical Discovery," impure germs and accumulations begin to separate in the blood and are then expelled through the Liver, Bowels and Kidneys.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache and constipation.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealer's; it is a powerful blood purifier, so penetrating that it gets at the impurities and poisons within the body and carries them out of the system. It is not a secret remedy for its ingredients are printed on wrapper.

For free advice or free booklet on blood write Doctor V. M. Pierce, Buffalo, New York.
